A close-up photograph of a black plastic electrical connector. It has a rectangular shape with a slightly raised top section. Two silver-colored metal pins are visible protruding from the front face. A thin wire is attached to the top of the connector.

168

Two black 168-pin SIMM connectors are shown. Each connector has a red wire and a blue wire attached to its top. The connectors are positioned side-by-side, with the one on the left slightly behind the one on the right.[illegible]
